

CORONA HIGH SCHOOL

In an effort to maintain a safe campus environment, students may be subjected to safety searches at any time when reasonable suspicion that a prohibited item on campus may be present. Additionally, random searches utilizing highly trained canines will occur randomly throughout the year. Canine searches are conducted through classrooms, lockers, parked vehicles and other areas on the campus and any CNUSD property. Please be advised that students are responsible for what is present on their belongings, in their assigned lockers or within their parked vehicles. Students found in possession of any prohibited items, illegal contraband or other items will be referred to campus administration and the school resources officer (SRO). Items that are prohibited from campus include (but not limited to): Dangerous weapons (gun, knife, razor blades, pepper spray, Taser, air soft gun, imitation firearms, imitation knives, exact-o knives/box cutters) Tobacco/Nicotine products (including vaporizers/vapes) and Controlled substances (illegal drugs, alcohol or intoxicants).
