

How To: Redirect Emails from Junk to Inbox

Option 1:

1. Go to your junk folder.
2. Right click on the email types you would like to redirect.
3. Select Security Options -> Mark as Not Junk
4. Those specific emails will now be redirected to your inbox.

Option 2:

1. Click the email types you would like to redirect.
2. Click the "It's not junk" link.
3. Those specific emails will not be redirected to your inbox.
