School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Prado View Elementary School lays the foundation for all students to become career and college ready. Staff, parents, and students collaborate to create an engaging learning environment where we all thrive and have worked together to create the following vision and mission statements.

Vision:

T.L.C. = Building Thinkers, Learners, and Creators with Tender Loving Care.

Mission Statement:

Prado View Elementary School strives to provide a challenging and progressive curriculum to all students. Staff, students, and parents perceive Prado View as having a positive learning environment that nurtures academic excellence and develops creative thinking. Shared decision-making promotes ongoing changes to provide an outstanding educational program that prepares students for the future.

Prado View currently has an enrollment of 690 students on a traditional track schedule. The staff consists of 30 teachers and a support staff of 38, including instructional aides.

Students at Prado View speak over 20 languages other than English. Currently, Prado View has students are classified as English Language Learners, including several who were re-designated last year as Fluent English Proficient. A resource teacher and an instructional aide are on staff to support students meeting the criteria for resource assistance. Prado View also hosts three special day classes to support students with special education needs. Two of these classes are in support of students with autism. Additional students have been identified for Speech/Language support. The school has a school psychologist, two speech and language pathologists, an adaptive physical education teacher, occupational therapist, health clerk, and a school nurse who serve the school in varying degrees and some on less than a full-time basis. There are three, 34 station computer lab for grades K-6, two laptop carts, and a library clerk oversees the computer labs as time permits during the week.

Staff at Prado View have worked diligently to build a positive culture on campus where all students feel safe and welcomed. As part of this process, staff has received ample professional learning opportunities including Capturing Kids' Hearts and Positive Behavior Intervention and Supports (PBIS), known on campus as "The Harvey Way." The Harvey Way details the expected behaviors on each area of campus and students are rewarded for meeting those expectations. In order to build social-emotional learning, students work with their classroom teachers to create a social contract that serves as an agreement for how each student will treat others and how they can be expected to treat others in return. Students who do an exemplary job of demonstrating the Harvey Way expectations serve as student ambassadors and will meet and greet other students as they arrive on campus each morning. In addition, staff has created a "Mindfulness Room" on campus for use by staff and students. This is an important tool that is utilized to teach students the important skill of self-regulation. As a result of these efforts, Prado View continues to excel in the area of SEL and support. This work is done with the support of our Parent Teacher Association (PTA), who works closely with staff to promote the goals stated in the Vision and Mission statements.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 3, 2019

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 3, 2019, the Corona-Norco Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 46 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Corona-Norco Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Prado View Elementary School's original facilities were built in 1991; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Addition of a block wall in Kindergarten area
- Updated handicap areas on parking lot
- Painting of mural on 6th grade building
- Upgrade technology in classrooms
- Two laptop carts

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Prado View Elementary School. The day custodian is responsible for:

- Classroom cleaning
- General grounds maintenance
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Prado View Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Prado View Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, September 20, 2017. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2017-18, all restrooms were fully functional and available for student use at the time of the inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through the school marquee, school newsletters, the school website, the school's Facebook page, and automated telephone messages. Contact the school office at (951) 736-3474 for more information on how to become involved in your child's learning environment.

School Safety Plan (School Year 2019-20)

The Comprehensive School Site Safety Plan was developed for Prado View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

For the 2015-16 school year, Corona-Norco Unified School District spent an average of \$9,901 of total general funds to educate each student (based on 2015-16 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Corona-Norco Unified School District receives state and federal categorical funding for special programs. For the 2015-16 school year, the district received categorical, special education, and support programs funds for:

- After School Education & Safety (ASES)
- Agricultural Career Technical Education Incentive
- California Career Pathways Trust
- California Clean Energy Jobs Act
- Department of Rehabilitation
- Education Protection Account
- Lottery: Instructional Materials
- Medi-Cal Billing Option
- Other ARRA Programs

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

All training and curriculum development activities at Prado View Elementary School revolve around the California State Common Core Content Standards and Frameworks. Professional learning occurs during non-student days (i.e. Winter Break and Summer), during the school day with substitute coverage for teachers, and after school hours. During the 2016-2017 and 2017-2018 school years, Prado View Elementary School held staff development devoted to:

- Autism / CPI Training
- Common Core State Standards
- Ellevation
- Data Analysis
- Instructional Strategies
- Mathematics Training / Math Practice Standards
- Technology Training
- Capturing Kid's Hearts
- PBIS / MTSS
- Peaceful Playground
- Benchmark Curriculum
- Next Generation Science Standards (NGSS)
- iReady

In order to continue properly implementing these initiatives, the same areas above will be revisited for the 2018-2019 school year, with the following additional staff development:

- PLC 4 Real
- Capturing Kids' Hearts II
- Restorative Circles / Trauma-Informed Behavior Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Prado View Elementary School supports ongoing professional growth throughout the year on during Professional Collaboration Time on early release days. Teachers met in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-2017, 2017-2018, 2018-2019, and 2019-2020 school years, Prado View Elementary School's teachers had the opportunity to attend the following events hosted by the Corona-Norco Unified School District:
