September, 2018

Dear Parent or Guardian,

Your child is being asked to take a survey at school. The California Department of Education requires schools and districts to ask students about alcohol, tobacco, and other drug issues, the risk of depression and suicide and perceived sexual orientation as well as questions about school safety and the learning environment. Participation in the survey is voluntary on the part of the student, and we hope you will encourage your child to participate so that his or her opinion and knowledge can be part of the information gleaned from the survey.

The survey is anonymous. No names or any other identifying information is connected to the answers except for the name of the school. If you wish to view the California Healthy Kids Survey (CHKS), you may do so at the school office or on-line, on the district website. www.cnusd.k12.ca.us.

We will be using passive parental consent. Parent/guardians will inform the school only if they **do not** want their child to participate in the survey. A notification and withdrawal form will be sent home soon. Please read the form for information about the survey and for instructions on how to withdraw your child.

If you have questions, please contact Carol Coyne, Health and Wellness Educator, (951) 736-5106.

Sincerely,

Carol Coyne, MS, PPS
