

PHILOSOPHY-GOALS-OBJECTIVES AND COMPREHENSIVE PLANS

PHILOSOPHY RELATED TO HEALTH AND WELFARE OF STUDENTS – OXIDANT EPISODES

Corona-Norco Unified School District accepts responsibilities for protection of the health and welfare of students during the time they are under the supervision of the school. This includes, but is not limited to, the following:

- A. Instruction about the effects of smog upon plant and animal life;
- B. Notification of all students and all school personnel when the oxidant level reaches the first stage smog episode;
- C. Cooperation with other governmental agencies and with the total community in matters of critical concern regarding smog.

The superintendent shall develop a comprehensive plan for oxidant episodes in order to provide protection for the health and welfare of all students and staff within the Corona-Norco Unified School District.
